💬 SUMMARY

A PROBLEM SOLVER and TECHNOLOGY ENTHUSIAST is how I can be described the best. With almost 5 years of experience in Blockchain Domain & more than 10 years of experience in Web,I have worked with various of the use-cases in it and have delivered a number of enterprise grade products.
Having an unconventional career graph, I believe that 'SkillSet' and 'Talent' should always be the key factors to look for in an individual.
I have played a key role in turning startup companies into bigger ones and have had successful track records in a fast growing startup environment.

💼 EXPERIENCE

Senior Blockchain developer

Senior Blockchain developer

📅 2021.08~2022.07   📍 460 Saint-Catherine St W #305, Montreal, QC H3B 1A6, Canada
